

Thalita dos Reis

Full-Stack Developer

As a junior full-stack developer with a hospitality and management background, I bring a unique perspective to the tech world. With a curious mind for tech and user psychology, I am passionate about tooling and thrive in adapting rapidly to any tech stack.

Work Authorization: B Permit Switzerland, issued for family reunification purposes.

Web Development Projects

Moonlight

A web application which allows users to connect, discover, and attend various events such as concerts, festivals, and more.

- **Tech stack:** React.js, CSS, Node.js, Express.js, Axios, MongoDB, Mongoose, Socket.io
- <https://moonlight-events.netlify.app/>

Outbackers

A platform which allows backpackers to connect, and search for temporary jobs and housing opportunities while on the road.

- **Tech stack:** HTML, CSS, Handlebars, Javascript, Node.js, Express.js, MongoDB, Mongoose
- <https://outbackers.adaptable.app/>

Yoshi Run

A web-based game where Yoshi has to jump over incoming obstacles.

- **Tech stack:** HTML, CSS, Javascript
- <https://thalitadosreis.github.io/yoshi-run/>

Experience

Floor Manager at Mr Robinson Bar in Barcelona

- Managed service and food quality, built strong customer relationships, and oversaw employees, resulting in increased repeat business, customer satisfaction, and productivity.

Waitress at George Payne Irish Pub in Barcelona

- Provided excellent customer service, accurate cash handling, and demonstrated knowledge of menu items, specials, and drink selections.

Duty Manager at Kāpura in Wellington NZ

- Managed all aspects of bar operations, inventory control, and customer service to exceed sales targets, reduce costs, and improve profitability, utilizing technology and inventory management systems.

Junior Accounts Payable in Wellington NZ

- Managed accounts payable functions, processed invoices with a high level of accuracy, collaborated with cross-functional teams and ensured compliance with company policies and regulatory requirements.

Please feel free to check out my LinkedIn profile for more information on my previous experiences.
